

## The PARENTS of JOHN NORTHIII

### John North II and Mary Haywood

John NorthIII is the son of John NorthII and Mary Haywood. John North II is the son of John North and Rebecca Fielding. John NorthII baptism is recorded as follows: John North son of John North of Knighthorpe bap 11 Nov 1753 at All Saints Loughborough. (See the image below of the Loughborough All Saints parish record taken from F1656182 Library Catalogue.) Note that the name of his mother (Rebecca) is not listed on his christening but the first name of his mother can be determined from the christenings and /or deaths of his siblings. This date of 1753 is different from almost all previous records (including IGI, New Family Search, Ancestral File and many individual family records.) In nearly all instances John's christening is incorrectly listed as being on the same date as his brother Thomas's christening, 3 July 1757. The christening date of 1757 is not in the "All Saints" Parish record of Loughborough but it has persisted in many family records. However the 1753 date is legible but faint and may be missed unless the film is examined carefully. The christening is shown below (Line 6 below the word November)

### **Christening of John NorthII at Loughborough All Saints**

(Loughborough) Leicester from ye 25<sup>th</sup> Day of March 1753 to –  
Baptisms, Burials & Weddings  
November(1753)

\*11 John Son of John North of Knight Thorpe Lab<sup>r</sup> bap (note: bap is not readable but burials were indented and baptisms were not so this line is a baptism)

Explanation: The top line reads: Leicester from ye 25<sup>th</sup> Day of March 1753 to ye ----. March 1754 ). The last part is not readable. As the birth and death records for the year beginning 25<sup>th</sup> of March 1753 started two pages before, part of the title is missing which identifies the parish of Loughborough in the County of Leicester. The #'s, to the left, before the black line refer to the previous page.

John North's II death also confirms that he was born in 1753: John North age 78 bur 3 Aug 1831 at Thorpe Acre and Dishley. (1831-78=1753)

As is the case with John North II's birth, the circumstances of his marriage to Mary Haywood have mistakes in many family records and need to be corrected. According to all past research, John NorthII married Mary Haywood daughter of William Haywood and Elizabeth Wallis 29 May 1780 at All Saints, Loughborough. John NorthII did marry a Mary Haywood on that date and place but not the Mary Haywood who is the daughter of William Haywood and Elizabeth Wallis. We do not know the names of the parents of the Mary Haywood who married John NorthII.

Mary Haywood daughter of William Haywood and Elizabeth Wallis was christened 31 July 1765; and if she married in 1780 she would have been 14 - 15 years of age when she married John NorthII. At the same time, John NorthII was 27 when he married Mary Haywood. This scenario is very unlikely. More importantly, Mary Haywood, the daughter of William Haywood and Elizabeth Wallis actually married Samuel North of Kegworth not John North of Knighthorpe. (See notes and documentation on Samuel North and Mary Haywood, the maternal line of our family. Also see the family pedigree chart #1.)

How then, do we know that John North II actually married a Mary Haywood as the marriage of John North and Mary Haywood is not recorded on the All Saints parish record of Loughborough on film (F1656182) because the years from 1757 to 1788 are missing. Neither is their marriage included on the indexes of marriage for Loughborough. The proof of the marriage of John NorthII and Mary Haywood is found by examination of the **original** Loughborough parish record which is stored in the Leicestershire County Records Office. This document does indicate that John North married a Mary Haywood on 29 May 1780. (this record however, has not been photographed by the LDS Family History Department and so is only available in the archives of Leicestershire) It is important to emphasize that the birth and the names of the parents of this Mary Haywood have not yet been determined but in any case, her parents are not William Haywood and Elizabeth Wallis. It is a coincidence, that is quite remarkable, that the mothers of both John NorthIII and Mary North, his wife, who were married in 1809 at Kegworth, have maiden names of "Mary Haywood." (Note: Lorenzo Snow Davies actually did the original research at the Leicestershire County Records Office many years ago showing that John NorthII married Mary Haywood on 29 May 1780 but I do not know who incorrectly connected Mary Haywood to William Haywood and Elizabeth Wallis. To confirm that a Mary Haywood did marry John NorthII the following original records were checked in 2011:

Dear Mr Davies

Thank you for your enquiry. The results of my research are shown below:

**Records Searched:**

Loughborough All Saints Parish Registers	DE 667/11; /3
Leicester All Saints Parish Registers	1D63/2-3

**Results of Research:**

I worked through your questions one at a time.

I found the marriage by banns of Mary HAYWOOD and John NORTH at Loughborough All Saints on 29 May 1780. The witnesses were William WIGFIELD and Catherine PEET. Mary herself signed her name HAWOOD.

In all of these items I have given you all the information contained in the entry. Please let me know if you require any further research carried out for you; I enclose another order form for your use.

Yours sincerely

**Researcher**

Note that Mary's last name was listed as HAWOOD although other records use Haywood. Apparently she signed her name and could write. Note also that no parents are listed on the marriage so we do not know the names of Mary's parents. William Wigfield, who was one of the witnesses, married Mary North, a sister of John North II.(Catherine Peet may be related to Mary Haywood but I have not confirmed this.)

Another source that substantiates the birth of Mary Haywood comes from LDS Temple Records. William North, a son of John North III and Mary Haywood, performed both LDS baptism and endowment for John NorthII his paternal grandfather. William North's wife, Anna Maria Jensen North, performed the baptism and endowment for Mary Haywood his paternal grandmother, wife of John NorthII. William North is the grandson of John NorthII and Mary Haywood. Copies of these index records are shown below:

### In Summary

- 1: John NorthII baptismal record is available and is found in the Loughborough Leicestershire Parish records as 11 Nov 1753.
- 2: John NorthII marriage to Mary Hawood is found in the Loughborough, All Saint parish church, on 29 May 1780 by examination of the original records contained in the Leicestershire records office. .
- 3: William North, the son of John NorthIII and Mary North and the grandson of John NorthII, did the temple work for his grandfather, John NorthII. William North's wife, Anna Maria Jensen North did the temple work for Mary Haywood the grandmother of William North.
4. William North and Anna Maria Jensen North also performed the temple work for Samuel North and Mary Heywood (Haywood) the maternal grandparents of William North. Thus differentiating the relationships between John North II and Mary Haywood and Samuel North and Mary Haywood.

5. All information put together is needed, but clearly, differentiates the relationship for our ancestors as shown on the following pedigree chart.
